Note: Because Learners can use Wrttn on-line, via any browser, and they can input key information about...

- themselves,
 - their learning,
 - their progress and
 - their plans for the future
- ...it has potential to be used as both...
- an eRARPA Portfolio (Recording And Reporting Progress & Achievement) and
 - an ePDP Portfolio (Personal Development & Planning).

—Owned and controlled by them—

Wrttn <http://wrttn.in/> Code Book

This Code Book has been produced by John Dalziel eLearning Adviser JISC RSC-Northwest

A portable 'hard-copy' for Learners & Practitioners using wrttn

All Code in Blue
